

AP Studio Art: 2-D Design

The purpose of this course is to assist students to develop a portfolio demonstrating a broad interpretation of two-dimensional space. This type of design involves purposeful decision making about how to use the elements and principles of art in an integrative manner. Representation, abstraction and experimentation using a variety of materials will be addressed. Prerequisites: Must have Art 1, 11, and 111 with a C or better.

Course Fees: material cost \$25.00; exam fee \$85.00. *College Credit for 2-D studio or 3-D design is determined by the universities to which the student is accepted.*

Course ID# = APSTU2D-AP-Y

(This course meets 1 of 12 needed Elective Graduation Credit Requirements)
