

## **German I**

This course is an introduction to basic German vocabulary and structure through listening, speaking, reading, and writing. From the very first day, students will learn to speak, read, write and understand German—the language of science, business, literature, music, medicine and much more. During their course of study, students will explore the rich, diverse, and contemporary culture of the German-speaking countries. German is taught in an engaging and communicative style with an emphasis on applying the language orally and in writing. Communicative skills are emphasized.

Course ID# = GERMAN1-GN-Y

**(This course meets the required Career Cluster, Workplace Readiness, or  
Language other than English Graduation Credit Requirement)**
