

Introduction to Art (Art1)

This course introduces students to a variety of tools including materials, skills, techniques, technologies and Studio Protocol (OSHA) standards through hands-on experience using the elements and principles of design. Students learn to critique their work and the work of others. Individual creative processes and the development of personal expression will be explored. Art History will be introduced. This is the basic prerequisite for all other art courses. Students may submit a portfolio and teacher recommendation to demonstrate proficiency and enroll in a higher level course. **Course Fee. \$20.00**

Course ID# = ARTINTR-GN-Y

(This course meets 1 of 12 needed Elective Graduation Credit Requirements)
